## Watermelon Festival

Pictures and captions submitted by Linda Barfield

The Watermelon Festival Car Show was a good show but very very hot!! There were 153 registered vehicles there.

They gave out Watermelon cups for trophies (see picture below) to the Top 60. Members attending were Jimmy and Kathy Stallings, Ken and Linda Barfield, Steve and Sandie Lowery, Tim and Ally Tuttle, Jeff Ross, Barry Kennedy and Sandy Ostrowski. Fellowship with our club members was great.

Ken Barfield, Steve Lowery and Barry Kennedy came home with a “special watermelon cup”.

Someone trying to nap in all that heat! (Look for the green shirt)

Cool trophies passed out to the Top 60.

## NSRA 2024 Mobile Bay Street Rod Nationals-#1-6/28/24-6/29/24

by Linda Barfield

We attended the very first NSRA Mobile Bay Street Rod Nationals in Mobile, Al. with Ken's brother and wife. The show was a success and they were pleased at the 583 cars registered and quality of the cars there. I was disappointed at the "Women's World" with only 2 vendors committing to the event this year. Also, the outside swap meet was not impressive, with only 5 or 6 vendors. They gave away over \$47,000.00 worth of door prizes and 3-\$2,000.00 cash give-aways. They announced that they would be having the show again next year and would be making improvements and looking forward to building the event each year. It was extremely hot and they also announced that they would possibly be moving the date next year to a cooler time of the year.

The Mobile Azalea Trail Maids came to the show and posed for pictures with the cars.

A beautiful Packard

Next page ...

The highlight of our trip was going both days at lunch to Morrison's to eat and cool down!! For those of you who remember Morrison's in Dothan, the food was great! This Morrison's was the first one built and is now the only one left open. Food was just as we remembered from the Dothan location. Did not disappoint!

1971-1972 AMC Javelin  
State Trooper car

Our tent along with a few cool down showers and clouds saved us from the heat!

This rat rod was twice the length of our Auburn, with a big motor and blower in it.
